Outreach & Enrollment Process SOP

Department Owner: Growth

Date Created: 03/13/2025 | **Last Updated**: 11/9/2025

Purpose: Outline all steps to engage referrals received, assess the prospective participant's eligibility, obtain internal and external approval the level of care determination, and complete pre-enrollment process up to regulatory standards.

Scope: This SOP applies to those involved in the pre-enrollment process but primarily outlines Outreach & Enrollment team responsibilities.

Responsibilities:

- Staff Members:
  - **Enrollment RN:** Obtain relevant consent paperwork. Complete ERN clinical assessment and submit DHCS LOC application.
  - **Enrollment Specialist:** Case manager for new enrollees, including collection of enrollment information and conducting enrollment conference.
  - **Health and Safety Committee:** Determine H&S and LOC decisions based on clinical assessment(s).
  - **O&E Manager:** Supervise that all steps below are completed.
  - **Medical Record Specialist (MRS):** Obtains medical records for prospects with scheduled home visits from various facilities
  - **Intake Coordinator:** Administrative quarterback throughout the end-to-end enrollment process to ensure steps are progressing with no blockers
  - **Prospective Participants:** Attend scheduled home visit, sign appropriate consents and paperwork, attend enrollment conference.

Procedures:

1. **Medical Records Specialist (MRS)** checks daily for KP batch file. MRS bulk-creates Leads in Salesforce by uploading file.
   - Keep the "Auto-Assign Lead Owner" checkbox checked. This will evenly distribute KP – Batch leads across Enrollment Specialists.
2. For referrals we receive outside of the batch file process, **O&E team member** receiving lead will create it in Salesforce.
   - If from a community partner with an account owner, keep the "Auto-Assign Lead Owner" checkbox checked
   - If from a phone call/email/walk-in, **Intake Coordinator** will assign manually to Outreach Specialist by unmarking the "Auto-Assign Lead Owner" checkbox.
3. **Enrollment Specialist or Outreach Specialist** converts the Lead to an Opportunity once ES/OS is assigned the Lead and they make a first call attempt. When the Lead is converted to an Opportunity, the ES/OS should also create a new Account (will occur automatically).
   - Under "Close Date", enter 1/1/2000
4. **Enrollment Specialist or Outreach Specialist** attempts outreach to the prospect
   - First call attempt will be made within 24 hours of receiving the referral
   - Three call attempts will be made within 1 week
     - If no answer after the second call, attempt text and email
     - Attempt all other available numbers or contact information
     - All call attempts should be documented in Salesforce (Log a Call under Activity).
   - If no answer after 3 times, mark as "Cold" on Salesforce

- If additional steps are needed, create an applicable Task (e.g., need more information; call back tomorrow)

5. **Enrollment Specialist** conducts Welcome Call using **Welcome Call Talking Points in Job Aids**
   - **Conduct Welcome Call:**
     - Document the conversation and key details in Initial Engagement and Referral Information in Salesforce
       1. Collect basic eligibility info (dob, zip code, Medi-Cal eligibility)
       2. Determine if Medical DPOA exists (Pre-Screening Information)
     - If uninterested, ES/OS mark as "Closed" or "Cold" on Salesforce (Initial Engagement) depending on response.
       1. If marked as "Closed" indicate "Reason for Cold/Close" and "Detail for Cold/Closed". Move to Stage to "Closed Lost".
     - **If prospect is interested in scheduling Clinical Home Visit**
       1. On Salesforce, fill out in "Account Information" and "Additional Information"
   - **Home Visit – Clinical (ERN):** If willing to be scheduled for ERN Clinical Assessment (1 hour), ES to follow steps in:
     - Salesforce: Move to Stage "Home visit – Clinical" and fill out Key Fields + sections fields where appropriate.
       1. On Salesforce,
          a. Move the stage to "Home Visit - Clinical (ERN)"
          b. Prefill the fields in "Home Visit Details - Clinical (ERN)"
       2. On Salesforce, complete the pre-screener fields
     - Complete Pre-Screening Information and Home Information
       1. Add other attendees if applicable
       2. Create a task and assign it to **Intake Coordinator**
          a. **Title:** "New Epic Chart + Schedule ERN Home Visit + Request MR" to create Epic chart, schedule home visit, and request medical records
          b. **Comment:** New Epic Chart + Schedule ERN Home Visit + Request MR
          c. **Please relate task to <u>Opportunity</u>; Due Date of today**
       3. Send internal Outlook invite to Center Enrollment Inbox and Enrollment RN with "LOC HV – Last Name, First Name". Details should include Address, Contact Number, Home Access Instructions, Planned Other Attendees, Partner MRN.
     - Make sure to follow ERN calendar blocks.
       1. Between 9AM – 10:30AM Start (9:30AM preferred)
       2. Between 12:30PM – 1:10PM Start (12:30PM preferred)
       3. Clinical RN Manager approval is required to schedule outside of ERN blocks. Exceptions can include family or same-facility assessments that prefer blocks next to each other.
     - If Release of Information (ROI) has been collected (either during center tour or ES / OS Visit) – upload into EPIC
   - **Center Tour:** If participant is hesitant, **Enrollment Specialist or Outreach Specialist** to offer center tour**.**
     - Ideally, prospective participant will come with their own transportation.

- ♣ If transportation is necessary, follow **Marketing Transportation SOP** to schedule. Provide the following information to Transportation Manager on preferred communication channel:
  1. CENTER TOUR / ENROLLMENT CONFERENCE: [Name]
  2. DATE AND TIME: [Date] [Arrival Time] - [Departure Time]
  3. ADDRESS:
  4. PHONE:
  5. COMMENTS: [Include DME]
- ♣ On Salesforce, move the stage to "Center Tour" and pre-fill fields
- ♣ Send internal Outlook Invite to Center Enrollment Calendar and Center Calendar with
  "Center Tour – Last Name, First Name". Add details on whether transportation will be provided.
- ♣ Once center tour is completed, and if prospective participant is willing to schedule ERN home visit:
  1. Follow ERN home visit scheduling instructions.
  2. Obtain Medicare Card, Medi-Cal ID, SSN, Photo ID, Consent to Treat, Release of Information (ROI). Upload to the prospect's account in Salesforce.
  3. Hand prospective participant a goodie bag and marketing materials.
  4. On Salesforce,
     a. Ensure Account demographic details and Opportunity Pre-Screener questions are filled
     b. Move the stage to "Home Visit - Clinical (ERN)" and pre-fill fields
     c. Create a task and assign it to **Intake Coordinator**
        i. **Title:** "New Epic Chart + Schedule ERN Home Visit + Request MR" to create Epic chart, schedule home visit, and request medical records
        ii. **Comment:** New Epic Chart + Schedule ERN Home Visit + Request MR
        iii. Please relate task to <u>Opportunity</u>; Due Date of today
  5. Send internal Outlook invite to Center Enrollment Inbox and Enrollment RN with "LOC HV – Last Name, First Name". Details should include Address, Contact Number, Home Access Instructions, Planned Other Attendees, KP MRN.
- ♣ If after Center Tour, participant wants to do Clinical Home Visit, please follow steps in section above

o **ES/OS Home Visit:** If unwilling to come in for center tour and still hesitant, **Enrollment Specialist or Outreach Specialist** offer home visit with **ES/OS** (30 min).

- ♣ If prospective participant is willing to schedule home visit:
  1. Follow home visit scheduling instructions.
  2. Obtain Medicare Card, Medi-Cal ID, SSN, Photo ID, Consent to Treat, Release of Information (ROI) and upload to Salesforce.
  3. Hand prospective participant a goodie bag and marketing materials.
- ♣ On Salesforce,
  1. Move the Stage to "Home Visit Non Clinical" and prefill field details.

2. After the Home Visit Date, complete the fields in "Home Visit Non Clinical" stage.

- ♣ Complete Pre-Screening Information and Home Information
  1. Send internal Outlook invite to Center Enrollment Inbox with "ES HV – Last Name, First Name". Details should include Address, Contact Number, Home Access Instructions, Planned Other Attendees.
  2. Refer to **Employee Home Safety SOP**
  3. Also receive PERSA Device and review **PERSA device SOP**
- ♣ If after ES/OS Home Visit, participant wants to do Clinical Home Visit, please follow steps in section above

6. After scheduling home visits and at least 24 hours before the scheduled home visit, **Intake Coordinator:**
   - o Create Epic chart for new prospects and request medical records referencing the **Medical Records Request SOP**
     - ♣ Add Epic MRN to Account / Additional Information in Salesforce
   - o Input scheduled home visits into Epic
   - o Pre-fill ILOC certification form and ILOC determination tool and save to designated center folder
   - o Confirm home visits the day before if previously rescheduled HV
     - ♣ Optional: Create tasks with reminders on Salesforce
   - o Update Epic chart with updated contact information as needed
   - o Work with Medical Records team on Epic authorizations needed, duplicate chart issues, etc.
   - o If needed, Intake Coordinator is responsible for rescheduling and canceling Epic visits
7. **Enrollment RN** reviews received medical records during admin hour before home visit.
   - o The morning of the scheduled home visit date, call to confirm visit. Confirm (1) others who may be present and (2) presence of communicable diseases.
8. **Enrollment RN** conducts clinical assessment at prospective participant's home.
   - o If not already collected, obtain Medicare Card, Medi-Cal ID, SSN, Photo ID, Consent to Treat, Release of Information (ROI) and send to ES / OS
   - o Perform clinical assessment.
   - o If prospective participant decides to withdraw, be sure to record reason and provide local alternative resources.
     - ♣ **Inform ES / OS** about withdraw and ask to close participant out on Salesforce
9. **Outreach Specialist / Enrollment Specialist** uploads documents collected at home visit to Salesforce and Epic following Document Upload Process for Epic.
   - o Check Related > Files + Docusign Status for signed forms.
   - o Upload all documents collected at ERN home visit to Salesforce
   - o Mark "Home Visit – Clinical" as complete in Salesforce.
10. **Enrollment RN** completes DHCS ILOC certification form and DHCS ILOC determination tool within one business day for review by Clinical Enrollment RN Manager.
    - o To submit, send to **Clinical Enrollment RN Manager** and CC: O&E Manager, Enrollment Specialist assigned to applicant, Intake Coordinator, Center Enrollment Inbox.
    - o Email details:
      - ♣ **Subject Line:** ILOC Ready for Review - Applicant Last Name, First Name (Site Name)

- ♣ **Email Body Provided by Clinical Enrollment RN Manager**
- o Name DHCS ILOC Coversheet: Last Name, First Name_ILOC Certification Form
- o Name DHCS ILOC Determination Tool: Last Name, First Name_ILOC Determination Tool
- o Drop the original DHCS ILOC certification form & ILOC determination tool in the ILOC Uploaded to DHCS. Place forms based on the month the applicant will enroll.
- o Complete Enrollment RN portion of IDT Handoff form and save it to the monthly IDT Handoff folder.
- o Add Assessment outcomes to Center ILOC Tracker.

11. **Clinical Enrollment RN Manager** reviews:
    - o Provide feedback via email if necessary to **Enrollment RNs**
        - ♣ Necessary revisions should be completed by ERNs on the same day
    - o **If case is Level 1 (lower level of care):**
        - ♣ **Clinical Enrollment RN Manager -** shall review and approve all submissions via the designated email thread.
            1. For Enrollment RNs that have completed a 90-day period, the RN must successfully graduate from the ILOC program before being authorized to independently submit Level 1 submissions to DHCS.
    - o **If case is higher level of care:**
        - ♣ **Enrollment RN** presents case at ILOC Conference to Site Medical Director.
    - o If approved: **Intake Coordinator** to submit ILOC to DHCS Portal (see step #13).
    - o If not approved: **Enrollment RN** will save the ILOC forms.
        - ♣ Inform **Intake Coordinator** to follow the next steps using the same email thread. Refer to other relevant SOPs for more information (H&S denials SOP, Additional Assessments SOP).
        - ♣ If case also requires additional / follow-up assessments
            1. **Intake Coordinator** follows **Additional Assessments SOP**. Schedule with relevant contacts (e.g., SW, PT, OT, HCC, Psych) within 24 hours
            2. Update Salesforce, move to stage "Follow-up Assessments" and complete relevant fields
        - ♣ If case requires H&S review, follow **H&S Meeting SOP**
    - o **Clinical Enrollment RN Manager:**
        - ♣ On Salesforce, update ILOC Conference stage with case level and results.
        - ♣ On ILOC tracker, input review details.
12. **Enrollment Specialist** calls the prospective participant to update them of results of ILOC conference for non-level 1 participants (e.g., required additional assessment; >5 days since HV).
    - o Document call in Salesforce
13. **Intake Coordinator**
    - o If Clinical Enrollment RN Manager / IDT denies ILOC
        - ♣ Coordinate with Enrollment RN to obtain letter of IDT denial
        - ♣ Submit letter of IDT denial and blank ILOC certification form to DHCS
        - ♣ Once DHCS confirms denial, reply to email thread with OS/ES confirming denial and asking them to notify the applicant
    - o If Clinical Enrollment RN Manager approves ILOC
        - ♣ Upload internally approved ILOC certification form and ILOC determination tool to DHCS portal

- ♣ Send email thread screenshot of proof of DHCS submission
- ♣ Update Salesforce with
  1. Update stage to "State Review"
  2. Complete Submission Status; Submission Date

- o If H&S denial
  - ♣ Send certified letters notifying applicants of H&S denials
  - ♣ On Salesforce, under "ILOC Review", complete the field "H&S – letter sent"
- o If DHCS deferred case: Follow **Additional Assessments SOP**
- o Review DHCS Portal Daily and reply with DHCS result in the same email thread to **O&E Manager, Clinical Enrollment Team, Enrollment / Outreach Specialist, and Center Enrollment Inbox** - refer to **Email Templates in Job Aids**
  - ♣ If DHCS approves ILOC: Enrollment Specialist receives confirmation of approval to start enrollment process
  - ♣ If DHCS overturns ILOC Denial: Enrollment Specialist receives confirmation of approval to start enrollment process
  - ♣ If DHCS concurs with ILOC Denial: Enrollment Specialist should inform prospective participant of denial and DHCS will send a Notice of Action
  - ♣ Upload DHCS ILOC certification and ILOC determination tool to Salesforce Opportunity Files and upload to Epic
  - ♣ Update Salesforce fields in "Stage Review" Stage

14. **Enrollment Specialist** calls prospective participant to schedule Enrollment Conference with approved prospective participant.
    - o Update Salesforce fields in "Enrollment Conference" Stage
    - o Add Enrollment Conference to Center Enrollment calendar as "EC – Last Name, First Name". Specify if it is taking place at the center or at home.
      - ♣ If occurring at the center, please add to Center-specific calendar as well
    - o Offer to come to center. If not interested in coming to center, offer to go to home
      - ♣ Consider home visit if already canceled or rescheduled previous home visit.
      - ♣ If scheduled at center:
        1. Follow Marketing Transportation SOP if Habitat transportation is arranged.
        2. Inform prospective participant that they will need to be medically cleared to join Day Center activities and ideally can do this before enrollment begins so that they can join in as soon as Day 1
        3. Follow **New Enrollee TB Testing Job Aid** to schedule
      - ♣ If scheduled at home: Inform the prospective participant that someone from Habitat Health will be reaching out to schedule a TB test so they are medically cleared for Day Center activities
15. **Enrollment Specialist** conducts Enrollment Conference, which includes:
    - o Closely read the Participant Handbook
    - o Sign Enrollment Agreement
    - o If IHSS-enrolled, sign IHSS Voluntary Disenrollment Form. Collect IHSS social worker details.
    - o If share of cost exists, sign Financial Responsibility Form(s) – Medi-Cal Share of Cost and/or Medicare Premium
    - o Confirm all demographics needed by Health Plan, including Medicare and Medi-Cal ID, Race, Ethnicity

- Confirm upcoming appointments and medical needs
- Suggest, if prospective participant feels comfortable, that they should obtain a 30-day supply of medications
- Explains and leaves behind PACE IDT transition documents: Participant Welcome Letter, Current KP member one-pager, Non-KP one-pager
- Update Salesforce fields in "Enrollment Conference" Stage

16. **Enrollment Specialist** completes pre-enrollment process with the prospective participant:
    - Fills out Enrollment Specialist portion of IDT handoff form
    - Adds new enrollee to Center Enrollment Tracker
    - Update Salesforce fields in "Enrollment Conference" Stage
17. **Intake Coordinator** completes pre-enrollment process:
    - Support in following process to upload all documents to Epic and tracking that all required documentation is complete before enrollment
    - Complete Epic IDT Handoff forms before the weekly O&E and NPA Weekly check-ins, referencing Enrollment Tracker
    - For any participants with IHSS hours, route IDT handoff form to HCC
18. **Outreach Specialists and Enrollment Specialists** hand off new enrollees to **New Participant Advocate** (NPA) and **Home Care Coordinator** in weekly meeting.
    - Support NPA in connecting with any pre-enrolled participants if NPA is unable to reach them
    - For participants with IHSS, NPA and HCC will align during meeting on outreach to caregiver / participant
19. **Enrollment RNs and Intake Coordinator** attend IDT Handoffs.

If a participant decides to withdraw at any point in the pre-enrollment process:

- ES/OS, on Salesforce,
  - Under section Initial Engagement
    1. Move to Stage Closed Lost
    2. Under Closed – Lost (Withdrawal Information), complete the fields
- ES / OS on EPIC
  - Only if withdraw AFTER Clinical Home Visit has been scheduled
  - Refer to Epic tip sheets

Notes:

- Please refer to General and Center Specific Resources here
- Document all encounters and conversations with prospective participant and/or family in Salesforce.
- Always use Propio translation for conversations that require assessment, explanation of benefits, or prospective participant signature. Always document use of Propio in Salesforce.
